

*Bold,  
Beautiful  
Brows*

**BENEFITS:**

- Stimulates and nourishes eyebrow follicles
- 100% natural formulation
- Encourages healthy growth of existing follicles
- Eliminates clogged pores
- Strengthens eyebrows
- Conditions eyebrow hairs
- Does not work on tattooed follicles

**Defined, sexy eyebrows - the natural way.**

Recommended for overplucked eyebrows, Renew™ Eyebrow Revitalizer Serum and Renew™ Eyebrow Revitalizer Oil penetrate hair follicles to cleanse and unclog them. Natural proponents work to nourish the follicle to grow new, healthy hairs that are thicker and darker.

**Suffer from over-plucking?** Both Renew™ Eyebrow Revitalizer products stimulate the follicle, promoting its natural hair growth cycle and providing nutrients necessary for growth.

**KEY INGREDIENTS:**

**Horsetail Extract**  
Horsetail contains a high level of silica which helps strengthen hair and improves blood circulation, reducing hair loss

**Hibiscus Rosa-Sinensis**  
Hibiscus helps promote healthy, soft eyebrow hairs, and provides nutrients to the hair shaft to boost hair growth

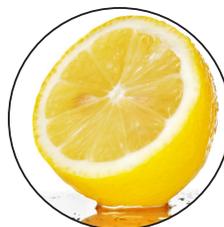

**Sesame Oil**  
Enriched with Vitamin D E and B Complex, Sesame Oil nourishes and heals hair, producing strong, healthy hairs

**Niacin**  
A form of Vitamin B, Nicacin is a vasodilator and increases blood flow to the follicle to promote healthy hair growth.

**Nettle Extract**  
Rich in trace minerals and Vitamins A and C, it is a traditional herbal remedy for hair loss

**Lemon Extract**  
This purifying natural astringent helps eliminate dead skin cells without disrupting the pH balance of the skin.

**Jaborandi Extract**  
An extract from a shrub native to the Amazon forest, Jaborandi stimulates eyebrow follicles to promote growth.

**Rosemary Oil**  
Rosemary strengthens the hair root to reduce hair loss and increases blood flow to stimulate hair growth.

## HOW TO USE:

Apply a small amount of Renew™ Eyebrow Revitalizer to the eyebrow area 2 times a day after washing the face and before applying any creams or serums. Wait a few minutes until the product is absorbed before applying anything on top of the areas where Renew™ Eyebrow Revitalizer was applied. Use sparingly. For proper results apply for a minimum of 4-6 weeks.

Please note that Renew™ is recommended for healthy hair follicles. Eyebrows that have previously undergone tattooing result in damaged hair follicles, impeding the results of Renew™ Eyebrow Revitalizer.

"I'm 48 and have struggled with thinning eyebrows for years and recently noticed my lashes thinning. I found eyebrow pencils were a hassle and never looked natural. Same with false eyelashes.

I use this product on both my lashes and brows nightly. I noticed a difference in both after about a month. After three months, both my brows and lashes are full. Not sure if this is true of everyone but I noticed my brows and lashes began to thin if I discontinued use of this product. Great price and ingredients so no reason not to use it on a daily basis."

- Danne B.

## CUSTOMER REVIEWS:

"Been using the product for 3 weeks and seems to be working. Pleasantly surprised."

- Medmu

"This really works. Tried other products with no success. Had almost no eyebrow in the middle section. Use every night and I think you will see success in about 10-14 days. Very happy."

- Barbara D.

"I had a severe eczema outbreak on my face for a few months, and it decimated my eyebrow hair. I had NO eyebrows for more than a year. Although the eczema cleared up my eyebrow hair refused to grow back, and I was stuck mourning the loss of eyebrows.

I began using this product about two and half weeks ago, and I've seen the gradual return of my eyebrow hair. It's not a lot and it's not fast, but the growth is there. It's working for me."

- R. Gillespie

## INGREDIENT LISTS:
